TUESDAY EVENING, AUGUST 23.

THE LATE MASSACRE IN CHINA .- | From the Shanghai News Letter June 11.]-The frightful massacre of French on the 21st June was the most cruel and savage butchery of foreigners that has ever taken place in China; indeed, when all the sickening details come before the civilized world, the Chinese will be cast lower than the blood thirsty fiends of the Indian mutiny war. The Chinese would appear to have wished for some signal event to mark "the coming of age." The storm that has for some few years past been gathering head has at last found vent, and in the ruthless destruction of life lately witnessed at this port, the Chinese Government-deceitful and wicked above all others-aided in an underhand manner to fan the passions of the lower classes.

NEMESIS.-In Grecian Mythology Nemesis was the daughter of Night. Her office was to baffle pride and punish secret vice. Her vengeance was sure to fall on the offender, how-ever long she delayed. We see in this fable, retributive justice, which inevitably finds out the guilty. She is a personification of conscience. There is a celebrated statue of this Goddess at Rhamnus in Attica, made by Phidias. The festival, called Nemesia, in honor of deceased friends was hers, because she protected the memory and relics of the dead. The challenge the manufacturers and venders of fer-Romans were also particular in the worship of tilizers, natural or artificial Guano, to show re-Nemesis, and always invoked her aid on going to war, to show that they did no act without just cause. Her statue at Rome was in the just cause. Her statue at Rome was in the

FERTILIZERS. "EXCELSIOR."

...... 6 per cent Ammonia..... Super-Phosphate, equivalent to Bone Phosphatoof Lime......57 per cent Potash and Soda

EXCELSIOR is composed of 700 pounds of No. 1 Peruvian Guano, and 1300 pounds of Sol-uble Phosphate of Lime (bones dissolved in sulphuric acid,) potash and soda, forming the most concentrated, universal and durable fertilizer ever effered to the farmer—combining all the stimulating properties of Peruvian Guano, and the ever durable tertilizing properties of Ground Bones—supplying an abundance of Ammonia for any crop, and all soils, and in a perfectly fixed condition—not volatile and passing off with the first crop, as with Peruvian and other ammoniacal guanos, but stimulating the crop to which is is applied, and all succeeding ones, giving to poor, worn out and unproductive soils new life and vigor, making them, in this respect, equal to the most highly cultivated lands, upon which much time and money

have been expended.

EXCELSION was introduced in 1858, and we UTE OF ITS MANUFACTURE, and there fore warrant every bag uniform, and to contain by analysis the standard of fertilizing properties, giving that protection to the farmer which he does not have in the purchase of any other Guano or Fertilizer sold.

Excelsior is in fine dry powder, prepared expressly for drilling, and can be applied in any quantity per acre, however small; and it is the opinion of the most prominent and calculating farmers, after TWELVE years' experience in testing it side by side with other popular fertilizers, that an application of 100 pounds of Exsior is equal to 200 to 300 pounds of any other Fertilizer or Guano offered for sale, and there-fore is fully 100 to 200 per cent cheaper.

The very best evidence we can offer of the value of Excelsior as a crop grower and fertilizer, is the fact of its being imitated and counterfeited. Some unprincipled manufacturers have actually used the trade mark for the purpose of palming off their worthlass comthe purpose of palming off their worthless com-

The ANALYSIS and name of "J. J. TUR-NER & CO." in Red Letters, are branded on every bag. All others are counterfeits. R. M. LAWSON.

(Successor to Brewis & Lawson,)

will be resumed on Monday, September 12th. For Prospectus, stating terms, &c., apply to Miss M. A. ROACH,

Principal.

aug 15-td MISS MARK'S SEMINARY.

The duties of this Institute will be resumed on Wednesday, the 14th of September. Aim-ing more at a useful and practical than showy education, the course of instruction in all the English branches will be thorough. Particular attention is given to young children which re quire more time and care than at any other period of life. Miss M. has been most fortunate in securing the continued aid of Miss JANE GREEN, a well educated and efficient teacher, and most favorably known to this community. Professors for Languages and Music will be employed to meet the exigencies of the School. Terms made known neon application to the Principal, at her residence 214 King st., where the School room is most cligibly situated.

ap 2-cotf ST. JOHN'S ACADEMY.

The 32d session will begin on Thursday, September the 1st, and as great advantages were derived from the introduction of military disci-pline last session, all students entering herent-ter will be required to participate in the military exercises, and to uniform as soon as they

need new clothing.

The School has a fine Chemical and Philosophical Apparatus, an extensive Cabinet of Minerals, and a carefully selected School Li brary of a thousand volumes. There are two Literary Societies, and all the leading periodicals for boys published in this country at Great Britain are regularly received.

The school rooms, north Columbus street, near Queen, are handsomely furnished, and the boarding house, 175 and 177 Prince street, is

fitted up with every attention to the comfort of students from abroad, having gas, hot and cold baths, &c. Great attention is paid to the moral and physical, as well as to the intellectual cul ture of boys and young men As the number of applicants for admission is always in excess of the capacity of the school, early application is necessary.
